# K'ARCHER

PROFESSIONAL  
cleaning machines for professional use

Karcher Professional is one of the products moving in the cleaning sector for the industrial sector, which requires high technology and good durability, we have many variants that can be tailored to the needs of workers in the field, apart from selling units, we also have after sales such as spare parts, service, warranty, and accessories

# STANLEY

The Stanley Works was founded in New Britain, Connecticut by Frederick T. Stanley. Stanley introduced hammers to their line-up, began manufacturing screwdrivers and hand planes, Rule & Level is the largest manufacturer of planes and related tools in the world. Stanley began manufacturing chisels and vises, A new logo is introduced to symbolize the merger of the Stanley Rule & Level Company and the Stanley Works, Henry Phillips, inventor of Phillips head screwdriver as the first company to begin making Phillips screwdrivers

# DEWALT

DEWALT Line of Perform & Protect™ Power Tools is designed with features that provide a high level of Control, Dust Containment, or Low Vibration. Lessen worker discomfort without sacrificing performance. DEWALT tools are engineered and built by pros to get the toughest jobs done. When you use DEWALT tools you work with confidence because DEWALT tools are GUARANTEED TOUGH. In an effort to continue this tradition DEWALT welcomes inventor idea submissions. This brochure will help you understand the process, vision, and requirements for submitting your idea to DEWALT

**Snap-on®**

Snap-on Incorporated is a leading global developer, manufacturer and marketer of tool and equipment solutions for professional tool users. Product lines include hand tools, power tools, automotive diagnostics and shop equipment, tool storage products, automotive diagnostics software and other solutions for the transportation service, industrial, government, education, agricultural, and other commercial applications, including construction and electrical. Products are sold through its franchise dealer van, company direct sales and distributor and Internet channels

**Blue-Point®**

Since its establishment in 1925 in Wisconsin, United States, the Blue-Point, Tool Company has come a long way from when it first started out with a vision to create the best wrench in the world. Today, it is known simply as Blue-Point. and for hand tools that offer customers unparalleled Quality, Performance and Value. With a focus on the automotive industry, Blue-Point provides customers with a wide range of tools to suit their diverse needs. The company is also constantly on the lookout for ways to serve their customers better

**SWIPE-ALL**

is a cleaning cloth made of synthetic cloth (Pulp & PP) to replace cloth rags or rags with better quality and economical price. Today's industry standards require a clean and tidy factory environment and production area. This is what makes the demands of manufacturing companies need cleaning wipes that are practical, of high quality and still economical. Previously, the manufacturing industry used rags or rags or cloth leftover pieces of garment as cleaning rags in the factory environment, but in this era, there are already synthetic fabrics made from a mixture of Pulp & PP (Polypropylene) which are of better quality in cleaning, practical at an economical price

**KNIPEX®**

KNIPEX Quality – Made in Germany

Knipex is the specialist for Pliers, and in this way we achieve appreciable benefits in quality and performance. That is why Knipex is the world's leading brand in pliers today. People in more than 100 countries work with Knipex pliers – and this figure is on the increase. Our new and further developments constantly ensure improved work results and greater benefits for users. In this way we make daily work with pliers easier, quicker and safer for the people using them. Again and again, we successfully create innovations which set standards for the industry

**KÄRCHER**

**Home & Garden**

Kärcher home & garden is intended for cleaning needs in the home environment, the design is made to a minimum so that it can be used freely. Apart from selling units, we also have after sales such as spare parts, service, warranty, and accessories
